Immediate Past District Director Report - District 72

As at 5 April 2019

The District Leadership Committee has completed its work and the report was submitted to the District Director six weeks prior to the District Council Meeting as per Protocol 9. Once the District Director has published the report (no later than four weeks prior to the District Council Meeting as per Protocol 9), I will publish a call for Floor Candidates for elected leadership positions. This, as in previous years, will be by way of an email to all clubs and a notice posted on the District Website.
