Division Challenges, Issues & Solutions

Membership renewals in April are complete, but numbers appear to be down possibly due to pathways. Clubs are excited but apprehensive about the roll out of pathways.

PWC have confirmed they will not be renewing in March

New Clubs Progress

Division A is proud to announce the Auckland Transport club “Ma Ruga Waka” was chartered mid February (was originally submitted as Walk the Talk) The new club application has been submitted for TechnoSpeak Advanced a demonstration meeting was planned for February, however further progress on this club is postponed until June or July.

A corporate club at TVNZ is now looking unlikely however a Toastmasters promotional event is planned at TVNZ to encourage membership in surrounding clubs. Possibilities of new clubs in Central/West Auckland will be delayed into the new toastmasters year.

Division Events and other newsworthy items

Division A completed two CLT session this round and Area contests are now complete. We’re looking forward Division A conference planned for 7th April and to support our representatives into District contests in May.
