Administrative Procedure Amendment
Agenda Item 14

Moved: Program Quality Director Glen Pearce

That, effective immediately, District Administrative Procedure A1.3 be amended to strike the number "21" and replace it with the number "14".

Rationale – Currently this District Procedure is in conflict with the TI Governing documents which state 14 days for all reports (our procedures cannot be in conflict and so must be amended). Also, for some financial reports, the required information is not being received in time from Toastmasters International for us to meet the 21 day deadline.
