

Program Quality Director Report

05 August 2022

Welcome to the new Toastmaster's year!

This year's vision for the district is 'the thriving district'. The senior team met recently and have started work on what this could look like a year from now, 2 or 3 years in the future.

I found an article in the August edition of the Toastmaster magazine around personal growth and SMART goals. This is something I have done this year and encourage every member to read the article. Set your own SMART Toastmaster's goal or could be as a club? A Pathways level completion is a goal that helps you as a speaker and your club achieve an education award.

- Pathways integration with the various projects available at our clubs, your work, and any other parts of your life we could be involved in. The projects in your path don't have to be in order however level completions must be submitted in the correct order.
- Our goal this year is to have 100 % of new members signed up to Pathways.
- Congratulations to the members who have started the year with awards.

| Pathways Awards | Member Completion Rate |
|-----------------|------------------------|
| Level 1 | 37 |
| Level 2 | 33 |
| Level 3 | 21 |
| Level 4 | 12 |
| Level 5 | 9 |

- Thank you to the Training Team of Marie, Karen and Harry for organizing and presenting Club Officer Training sessions. Division Directors and facilitators who have assisted at the 4 sessions with the remaining session on Saturday.
- **Congratulations to the 5 clubs so far that have achieved attendance of 7 officers at Club Officer Training.**
Capital Chatterers Club
Cook Strait Club
NZ Transport Agency Toastmasters
Silverstream Toastmasters
Wanaka Toastmasters
- District Officer Training was held on 25/26 June in Wellington.
- Workshops are being planned and look for updates at [Training – Toastmasters New Zealand](#)
