

Program Quality Director Report

- Pathways integration: take advantage of the various potential Pathways projects available at our clubs, our workplaces, and other parts of our lives. The projects in your path do not have to be in order. However, levels must be completed in the correct order.

- Congratulations to the clubs who have already achieved this.
- I encourage you to complete and submit Level 1 projects.

Realignment Report

- The final report will soon be available at our District 72 website.
- A committee comprising representatives from all Divisions was established to carry out this review. A draft report was released in November 2022 and feedback sought. Feedback from clubs and individuals was received. Three Zoom calls focusing on the South Island changes were held. Two Zoom calls focusing on North Island changes were held with an additional one to discuss an alternative proposal following feedback.
- We thank all members who took the time to provide feedback and offer alternatives to the proposal.
- This report incorporates the feedback into the proposal and is for consideration by all members of District 72.
- It will be voted on at the District Council meeting on 13 May 2023
- Thank you to the committee for their work.
