

District Reserves

February 2, 2023

Dear District Leader:

In February 2022, we communicated some [new projects and a funding source](#) for those projects. The Board of Directors approved using excess District reserves as a funding source.

For the 2021-2022 program year a review of each District's reserve per Protocol 8.4 was conducted. A reallocation of District Reserve funds will take place per Section 3.B. of the protocol, which states:

If the District reserve exceeds 1.25 times the Required Retention at the end of the program year, 50% of that amount shall be reduced from the District reserve and reallocated to Toastmasters International for purposes related to the organization's mission.

Reallocation of excess District reserves as of June 30, 2022, will be posted on the February 2023 District Reserve statement. Within the next week, District Finance at World Headquarters will communicate the details of this calculation for your specific District.

If you have any questions about the District reallocation, please contact districtfinancialquestions@toastmasters.org. We thank you for your continued commitment in serving our organization and members in your role as District leaders.

Sincerely,
